# Curriculum Vitae

Daniel B. Rubin, MD, PhD Cushing Neuroscience Institute 611 Northern Boulevard Suite 150 Great Neck, NY 11021

<b>EDUCATION</b>	
1974-1978	Medical: SUNY Downstate, MD Degree
1970-1976	Graduate: SUNY Downstate, PhD Degree (Pharmacology)
1964-1968	College: New York University, BA Degree
PROFESSIONAL TRAINING	
1980-1983	Long Island Jewish Medical Center Residency – Neurology
1979-1980	Long Island Jewish Medical Center Residency – Medicine
1978-1979	Long Island Jewish Medical Center Internship - Medicine
PROFESSIONAL EXPERIENCE	
07/2013-prese	ent Attending Neurologist Cushing Neuroscience Institute
	Assistant Professor of Neurology Hofstra University NS-LIJ
07/0005 00/0/	School of Medicine
07/2005-06/2013 Neurologist Queens-Long Island M edical Group	
01/2001-06/20	005 Director Parkinson's Disease and Movement Disorders Center
Winthrop-University Hospital, Mineola, NY	
01/2000-06/20	005 Associate Director, Multiple Sclerosis Treatment Program
4007 4000	Winthrop-University Hospital, Mineola, NY
1987-1999	Neurologist, Solo Private Practice
1983-1987	Lake Success, NY Neurologist, Group Neurology Practice
1903-1907	Great Neck, NY
	Great Neck, IVI
PROFESSIONALLY RELATED RESPONSIBILITIES	
2000-6/2005	Clinical Assistant Professor, Winthrop University Hospital clinical campus
	Department of Neurology, School of Medicine, SUNY at Stony Brook
1996-2000	Clinical Instructor in Neurology, New York University Medical Center
1991-2005	Clinical Instructor in Neurology, Albert Einstein College of Medicine and Long Island Jewish Medical Center clinical campus
	Island Jewish Medical Center Clinical Campus
1986-1999	Assistant Attending in Neurology, North Shore University Medical Center
1983-1991	Clinical Instructor in Neurology, SUNY at Stony Brook at Long Island Jewish
	Medical Center clinical campus

Emergency Room Attending LIJ (part-time)

1982-1983

## **RESEARCH & GRANTS**

2001-2004 Principal Investigator Re: "A Phase III, Double-blind, Placebo-Controlled, Randomized Study Comparing the Efficacy, Safety, and Tolerability of Sumanirole versus Placebo or Ropinirole in Patients with Early Parkinson's Disease." Pfizer Corporation.

1996-1997 Principal Investigator Re: "An Open Label, Multicenter Clinical Trial Evaluating the Safety and Efficacy of Donepezil Hydrochloride (E2020) in Patients with Alzheimer's Disease." Eisai America, Inc.

1995 Principal Investigator Re: "A Double-blind, Randomized, Placebo-Controlled Study to Determine the Effectiveness and Safety of Dihydroergotamine Mesylate Nasal Spray 2 mg For The Acute Treatment of Migraine Headache." Sandoz Pharmaceutical Corporation.

1970-1975 USPHS Grants for Research Training in Pharmacology

1968-1970 USV Pharmaceutical Corporation, Tuckahoe, New York. Developed a screening procedure for CNS active drugs by inducing a variety of behaviors in monkeys via chronically implanted hypothalamic electrodes and studying the modification

by drugs of the electrically induced behavior patterns.

Laboratory of Cellular Neuropathology, Harvard Medical School. Measured DNA

content of normal and dystrophic mouse retinas.

1963 Jackson Memorial Laboratory, Bar Harbor, Maine. Studied pathogenesis of

inherited retinal dystrophy in mice.

### PROFESSIONAL ORGANIZATIONS

American Academy of Neurology Diplomate of the National Board of Medical Examiners, 1979 Diplomate of the American Board of Psychiatry and Neurology Board Certified in Neurology 1988

#### **PRESENTATIONS**

1976 Ph.D. Dissertation: Effects of Amantadine on the Storage and Release of Catecholamines

#### **PUBLICATIONS**
